

Air-Cell™ & Hydro-Cell™ By *Comfort Craft*

PREMIUM SUPPORT

AIR iCELL™ DUAL SUPPORT CAPABLE FLUID

AIR-CELL & HYDRO-CELL - Features & Benefits

- Stretch Knit Fabric Cover: Premium, durable stretch knit fabric is incredibly soft and minimizes pressure.
- Cotton & *Rayon Made From Bamboo Blended Cover Panel - Cotton: Renewable, sustainable earth-friendly material that is naturally temperature neutral and wicks away moisture. Rayon Made From Bamboo: This durable, breathable, moisture wicking material is incredibly soft, plush and resilient.
- Wool Moisture Barrier: Wicks away moisture in either a warming or cooling manner - allowing it to maintain warmth in the winter and coolness in the summer.
- Interchangeable Euro Box Top Design - Latex Side: Recognized world-wide as the premium Latex. Naturally antimicrobial, long lasting and earth-friendly sustainable Latex.
- Multi-Zoned Balance & Posturized Mid-Body Support: Optimizes support physics and provides separately designed zones for head-to-toe comfort, stand tall - sleep tall posture alignment.
- Interchangeable Box Top Design - Memory-Cell® Side: Temperature responsive space-age material contours to the body for even weight distribution to eliminate pressure points.
- Replaceable Smart Top: Removable top cover is replaceable and refreshable for years of healthy sleep.
- Double Self Mending Zipper: Maximizes a mattresses accessibility and durability. If a zipper happens to separate, just rezip to repair.
- It's Your Choice, Choose Air or Fluid Support!: By simply changing the inner Modules (Comfort Engine) of this mattress, you get exactly the type of bed and support you're looking for, plus you have the option of adjusting to soft or firm!
- Full Fit Contour Liner (Fluid Only): Provides a finished look while adding the function of a completely cleanable sleep system for a more healthy & breathe easy environment.
- Memory Weave Wrapped Power Edge Support: Edge support offering comfort & support whether sitting on the side or lying on the mattress. The Memory Weave provides our Power Edge with a "no bow" design increasing the durability & longevity by not allowing oxidation of the foam.
- Durable Top Enclosure: Encases all the internal components while adding style & beauty in your bedroom.
- Fully Assembled Foundation: Both K & Q are split for additional strength, stability and convenience when moving.

SPECIALTY SLEEP ASSOCIATION'S ENVIRONMENTAL SAFETY SEAL

The Air-Cell™/Hydro-Cell™ carries the prestigious Specialty Sleep Association's Environmental Safety Seal; a first among all high visibility national brands. Every component from top to bottom features third-party verification of its positive impact on the environment. A mattress that is "Great for you & great for our environment!"

This Mattress Meets All Consumer Products Safety Commission Standards.
